SUMMARY

- I am a passionate cybersecurity enthusiast with a strong focus on web application security and penetration testing.
- I am committed to continuous learning and applying my knowledge to real-world security challenges. Always eager to explore new challenges, I stay updated with the latest cybersecurity trends and continuously expand my expertise.

EDUCATION

D.N. Institute of Computer Applications, M.B, Sardar Gunj Road **2024**

- Bachelor of Computer Applications,BCA,5.5

PROFESSIONAL EXPERIENCE

Cyber Security India(CSI) Org., Blue Crystal, 301/302, opp. Organization **2024**

- Provide Website Security
- Most Critical SQL Injection vulnerability Found.

PROJECTS & EXTRACURRICULAR

Zip Cracker **2025**

- Zip Password Cracker.

Activity

- TryHackMe (THM)
- Hack The Box (HTB)
- CTFtime

Leadership experience

- Experienced in identifying and exploiting web vulnerabilities and other security flaws. Active participant in cybersecurity competitions on platforms like **TryHackMe (THM), Hack The Box (HTB), and CTFtime**, continuously improving skills in penetration testing and ethical hacking.

SKILLS

Programming languages: Bash, Python, HTML, CSS, JS.

DATABASE: MYSQL

OS: Linux, Windows.

Experienced: Web Security, API Security, Memory Forensics, Android Security
